

Latha Jeyapal, Certified NLP Trainer

After being a Draftsperson in PWD, homemaker, and a network marketing professional, she found eternal bliss in changing peoples' lives around her.

She wanted to help people channel the power of their mind to improve the quality of their daily life.

She sought the following trainings to find the tool which will allow her to transform peoples' lives in the shortest time:

- Neuro Linguistic Programming (NLP)
- Extra Sensory Perception (ESP)
- Emotional Freedom Techniques (EFT)
- Law of Attraction

She has attended many spiritual, and various self-help trainings to understand the science behind the mind and how it operates. Having undergone trainings by leaders from all walks of life, she finds Neuro Linguistic Programming (NLP) to be one of the most effective tools for Personal change.

She was first introduced to NLP in 2006. Her search for a tool to assist her in being a master of her mind came to an end then, and her thirst began in how she can take it to the society at large.

She has delivered business trainings to a huge audience of more than 500 people in a business meet when she was a network marketing professional.

She is happy to share that she is one of the first female NLP trainers to facilitate courses using a mix of Tamil & English in Chennai.

Ms Latha is a Certified NLP Trainer and a Master Practitioner of NLP from National Federation of Neuro Linguistic Programming (NFNLP), Florida, USA. She is also a Certified NLP Business Practitioner from The Association for NLP (ANLP), UK, directly trained by Sue Knight and Collin Spencer.
